

# INDEX.

- ABSCESS, extra-articular, near the hip, 543  
   hepatic, practical treatment of, 117  
   pelvic, of unusual course and termination, 408  
   true pelvic, acute puerperal cellulitis and, 530  
 Acephalus, specimen of, 184  
 Acetanilid as a surgical dressing, 269  
   in veterinary practice, 419  
   for surgical practice, 363  
 Administration of health-ordinances, 139  
 Advance, ethical, 155  
 Advertise, how to, and seem not to advertise, 389  
 Advice, medical, at the rate of two per cent. a ton, 155  
 Akromegaly, 215, 574  
   in father and son, 186  
   operative treatment of, 107  
 Alcoholism, chronic, treatment of, by hypnotic suggestion, 337  
   treatment of, by strychnin nitrate, hypodermatically, 365  
 Allen, morphology as a factor in the study of disease, 589  
   speech without a larynx, 281  
 Allis, cramming in our medical schools, 661  
 Allocheiria in the sequence of diphtheria, 298  
 Alpha-naphthol in typhoid fever, 384  
 Amenorrhea, functional, senecio Jacobæa for, 520  
 American Medical Association, the work of, at San Francisco, 722  
   Medical Association, to the trustees of, 361  
   Pharmaceutical Association, 698  
 Ammonium bromid for tetanus, 298  
 sulphithyolate in the treatment of pulmonary tuberculosis, 550  
 Amputation at the hip-joint, with control of hemorrhage by transfexion-pins and elastic compression, 72  
   of the leg, some indications for, 206  
   successful, simultaneous triple, 350  
 Amylene hydrate, pharmacologic action of, 216  
 Anastomosis, intestinal, 694  
 Anderson, insanity cured by quinin, 270  
 Anemia, extract of bone-marrow in the treatment of, 412  
   pernicious, following pregnancy, 701  
 Anemias, the primary, 15  
 Animals in transit, bill for an international maritime conference for the better care and protection of, 220  
 Antiseptic powder, 461  
 Anuria, protracted, 498  
 Aphasia, transient, in the course of pneumonia, 190  
 Appeal to the people, 136  
 Appendicitis, 508  
   acute, 533, 566  
   chronic, 655  
   dermoid cyst of ovary simulating, 324  
   inch-and-a-half incision and week-and-a-half confinement in, 375  
   is operation demanded in all cases of, 141  
   relation between the gross anatomy of the appendix and, 225  
   the inch-and-a-half-incision and week-and-a-half confinement in, 148  
 Army Medical Department, danger to, 333  
   surgeon, 318  
 Articles, Anglicise titles of, 722  
   original, in MEDICAL NEWS, 80  
 Ashhurst, large suppurating cyst of the pancreas; pancreatotomy; recovery, 377  
 Ashton, chronic valvular disease of the heart, 709  
 Asphyxia neonatorum, treatment of, 461  
 Associations for the relief of widows and children of deceased medical men, 135  
 Asthenia, cardiac, or heart-exhaustion, 497  
 Asthma, for, 666  
 Atheroma, 178  
 Athletics, college, reforms in, 245  
   effect of, in the Philadelphia preparatory schools as to mental and moral character, 368  
 Atrophy of shoulder-muscles in the sequence of pleurisy, 327  
 Attic suppurating with operation, followed by facial paralysis, 572  
 Auto-infection, shall the term be retained, 313  
 Axonometer, 240  
  
 B. COLI COMMUNE, differentiation of, from B. typhosus, 132  
 Bacteriology, present status of our knowledge of, 273  
 Ball, J. M., a plea for chairs of the history of medicine in medical colleges, 503  
   M. V., a practical method of registration of tuberculosis, 307  
   the administration of health-ordinances, 139  
   the mortality of the negro, 389  
 Balloch, the relative frequency of fibroid processes in the dark-skinned races, 29  
 Bard, an historic case, 251  
 Bates, a new method of treatment of chronic naso-pharyngeal catarrh, 69  
 Beer-drinkers, fifteen years' observation among, 4  
 Belt, sulphuric-acid paste in the treatment of epithelioma of the face, 573  
 Benedict, the systematic qualitative analysis of the contents of the stomach, 96  
 Benzene, fatal intoxication with, 75  
 Beri-beri, methylene-blue in, 48  
 Bernstein, fleeting hemianopsia of syphilitic origin, 719  
 Beverages, popular, and public health, 385  
 Billings, methods of teaching surgery, 593  
 Biology, American, an opportunity for American medicine to aid, 218  
 Bishop, a new and successful treatment of hay-fever—the views of the profession, 197  
 Bladder, function of the muscular coat of, in normal micturition, 550  
   tuberculosis of, 412  
 Blank, anomaly, an anatomist's, 155  
 Blindness, legislation for prevention of, 360  
   sudden, in the course of diabetes in young persons, 216  
 Blood-corpuscles, amount of nitrogen contained in, in health and disease, 696  
   -serum medium, Loeffler's, for diphtheria-cultures, detailed directions for a simplified method of preparing, 352  
   -stains, non-expert testimony as to, 81  
 Blue-blooded aristocracy, 53  
 Bondurant, duplication of the spinal cord, as a result of post-mortem injury, 545  
 katonia, with six illustrative cases, 253  
 Bone-marrow, extract of, in the treatment of anemia, 412  
 Brain, pickaxe wound of, 575  
   tumor of, simulating a vascular lesion, 261  
 Branham, tumors of superior maxilla, 233  
 Breed, treatment of alcoholism by strychnin nitrate hypodermatically, 365  
 Brewer, report on irrigation of the urethra and bladder without a catheter, 659  
 Bright's disease in children, 421  
 Broad ligament, cyst of, from a patient sixty years old, 454  
 Broberg, pernicious anemia following pregnancy, 701  
 Bromphenols, chlorphenols and, treatment of erysipelas with, 150  
 Bronchitis, differential diagnosis of pneumonia from, safranin-reaction as an aid to, 462  
   for acute, in children, 432  
 Brooke, an improved fracture-box for the repair of injuries of the lower extremities requiring extension and counter-extension, 664  
 Brown, some practical points in the treatment of diphtheria by calomel-fumigations, 505  
 Bryant, the relation between gross anatomy of appendix and appendicitis, 225  
 Buchanan, arrested development, 503  
 Bunts, some indications for amputation of the leg, 206  
 Burnett, three cases of chronic tinnitus aurium and tympanic vertigo relieved by removal of the incus, 452  
 Burson, treatment of confluent variola, 583  
 Bushnell, the treatment of chronic alcoholism by hypnotic suggestion, 337  
  
 CAFFEIN-CHLORAL, 48  
 Calculus, biliary, celiotomy for intestinal obstruction by, 460  
   vesical, in the female, 44  
 Campbell, three cases of pneumonia followed by mania, 236  
 Cantrell, a case of herpes zoster showing erythematous, papular, and vesicular stages, 428  
 Carcinoma, etiology of, 371  
   treatment of, with thallin periodid, 432  
 Carpenter, potassium permanganate as an antidote to morphin, 699  
 Carrier, pigmentation of the whole surface of the body occurring suddenly during the treatment of a case of psoriasis; warty growths upon the palms and soles, following the internal use of arsenic, 127  
 Cartledge, is operation demanded in all cases of appendicitis? the best time to operate, 144  
 Cary, advanced phlebitis, with calcareous degeneration, 404  
 Castle, acetanilid for surgical practice, 363  
 Castration, a summary of the present position of the operation of, for hypertrophy of the prostate, 601  
 Catalogue of a good library, 434

- Catarrh, chronic naso-pharyngeal, new method of treatment of, 69  
 Cauda equina, injury to, probably due to intra-meringeal hemorrhage, 405  
 Cavities, pulmonary, surgical treatment of, 272  
 Celiotomy, unusual accident after, 409  
 Cellulitis, acute puerperal, and true pelvic abscess, 520  
 Cerebellar tumor, 460  
 Cesarean section and symphysiotomy for the relative indications, 401  
 Craniotomy, and symphysiotomy fairly considered as obstetric expedients, 495  
 Cesium, therapeutic uses of the salts of, 268  
 Chairman of the section of obstetrics and diseases of women, American Medical Association, address of, 629  
 Chapman, W. C., diphtheria, primarily a local, secondarily a constitutional disease, 67  
 J. T., trephining as a cure for traumatic epilepsy, 204  
 Charity, selfish, 18  
 Chemic industry in America, prohibition of, 334  
 Chemistry, physiologic, 22  
 teaching of, in medical colleges, 697  
 Children of the poor, summer care of, 698  
 Children's Aid Society, 361  
 Chinese Medical College, first, 221  
 Chitty, quinid-iodosyncrasy, 529  
 Chloralose, poisoning by, 242  
 Chloroform and morphin in the treatment of chorea, 494  
 Chlorphenols and bromphenols, treatment of erysipelas with, 150  
 Cholera, epidemics of, occurrence of definite types of, 329  
 Chorea, chloroform and morphin in the treatment of, 494  
 during pregnancy, 431  
 Cigars, infection through, 303  
 Circulation, mode of controlling, through the abdominal aorta, 103  
 Clamp, new, for repairing intestinal injuries, 666  
 Clark, sarcoma of the nose; epithelioma of the larynx in a woman, 716  
 Cleveland, A. H., a new form of palate-hook, 574  
 epithelioma of the soft palate, 458  
 Medical Society, 221  
 Ohio, medical progress in, 335  
 Climatology of New Mexico and Arizona, 166  
 Club-foot, congenital, spontaneous recovery from, 430  
 Coagulation-necrosis, diffuse, in the spleen, following thrombosis in typhoid fever and pneumonia, 325  
 Cocain-anesthesia, to render it safe, 104  
 Code-revision, Dr. N. S. Davis, on, 435  
 Coffman, malarial insanity, 391  
 Coffron, palate-hook, 724  
 Cohen, J. Solis-, sarcoma of tonsil, evulsion through the mouth, 99  
 S. Solis-, pulmonary tuberculosis, 486  
 Colchicum-poisoning, 457  
 Colic, appendicular, 494  
 Colleges, American medical, statistics of the attendance of, 417  
 medical, teaching of chemistry in, 697  
 Collodion, salicylated, for lupus, 298  
 Colostrum and milk of nursing women, changes in, induced by disease, 635  
 Communications, privileged, 191  
 Compression of the spinal cord by echinococci, 131  
 Congelation in diagnosis and treatment, 576  
 Congress, third triennial, of American Physicians and Surgeons, 604  
 Constipation, toxins in the urine during, 520  
 Consultation-fees, attending physicians and, 668  
 Contagious, infectious and, 222, 277  
 Convalescent-homes, 416  
 Coplin, the element of malignancy in tumors, 482  
 Copyrights on books and patents on instruments, difference between, 669  
 Cornett, a case of paroxysmal tachycardia of long standing relieved by the use of beechwood creosote, 239  
 Coronary arteries, effects of ligature of, 298  
 Coroner, to abolish the office of, 135  
 Correspondence, London, 249, 278, 500  
 Coryza, for, 150  
 for acute, 216  
 Cover-glasses, slides, soiled, to clean, 576  
 Cramming in our medical schools, 661  
 Craniectomy, circular, 48  
 Craniotomy, Cesarean section, and symphysiotomy fairly considered as obstetric expedients, 495  
 Cremation, argument for, 54  
 Creosote, fatal intoxication with medicinal doses of, 635  
 Crile, fracture of the base of the skull; recovery, 12  
 Criminality, hereditary, how to stop, 525  
 Cryer, a spiral osteotome for opening the skull in brain-surgery, 12  
 Cumston, multiple deviations of both legs in a rachitic child; osteotomy of five bones in one seance: recovery, 100  
 Cunningham, the morbidity and mortality of negro convicts, 113  
 Current, interrupted high-voltage, primary or mixed, 120  
 Curvature, lateral, of the spine, treatment of, 274  
 Cystinuria, in four members of one family, 635  
 Cystotomy, suprapubic, 124  
 in an infant two years old, 575  
 DABNEY, the administration of a glycerin solution of mercuric chlorid as a prophylactic measure against diphtheria, 183  
 Da Costa, J. Chalmers, the identification of the large and small intestine, 634  
 J. M., acute appendicitis, 566  
 clinical remarks on the external use of guaiacol in reducing high temperature in typhoid fever and other febrile diseases, 85  
 the treatment of nephritis, 425  
 Dandridge, report of two cases of amputation at the hip-joint in which hemorrhage was controlled by transfusion-pins and elastic compression, 72  
 Danforth, the prognostic significance of tube-casts, 176  
 Darnall, the treatment of ptomain-poisoning by means of subcutaneous injections of blood-serum, 46  
 Davis, A. M., extravasation of urine; external perineal urethrotomy without a guide; death from uremia, 492  
 E. P., cesarean section and symphysiotomy for the relative indications, with a report of cases, 401  
 fatal nausea and vomiting of pregnancy, with report of cases, 597  
 G. G., operations for the correction of inveterate pes varus, 141  
 J. D. S., the management of the epicyclic fistula in prostatic enlargement, 70  
 T. C., chorea during pregnancy, 431  
 Death-rates, city, comparison of, 81  
 sudden, due to ascending neuritis, 1  
 Deaver, acute appendicitis, 533, 566  
 chronic appendicitis, 655  
 hallux valgus, 39  
 Delirium, acute, with autopsy and bacteriologic examination of cerebro-spinal fluid, 718  
 Dentistry, old-time and modern, 334  
 Depravity, moral, does not legally establish mental insanity, 18  
 Development, arrested, 503  
 Deviations, multiple, of both legs in a rachitic child, 100  
 Diabetes, guaiacol in, 412  
 mellitus, knee-jerk in, 271  
 sudden blindness in the course of, in young persons, 216  
 Diabetics, a bread for, 391  
 Diachylon ointment, poisoning by, 242  
 Diets, study of, 303  
 Di-iodoform, 14  
 Diphtheria, 67  
 allocheiria in the sequence of, 298  
 cultures, detailed directions for a simplified method of preparing Loeffler's blood-serum medium for, 352  
 glycerin solution of mercuric chlorid as a prophylactic against, 183  
 of the external auditory canal, 242  
 prophylactic and germicidal treatment of, 270  
 some practical points in the treatment of, by calomel-fumigations, 505  
 Dispensary, legal, 108  
 Dodge, intestinal anastomosis, 694  
 six cases of appendicitis, 508  
 Downes, a portable tray instrument-sterilizer, 459  
 Drinking-water, bacteriologic examination of, 217  
 Drunkenness and insanity, difference of presumptions as to, 416  
 Dulles, report on hydrophobia, 653  
 Duncan, shall the term auto-infection be retained, 313  
 Dysphagia of laryngeal tuberculosis, for, 328  
 Dysentery, for, 384  
 Dysmenorrhea, 355  
 EAR-SCREW, for the removal of foreign bodies, 101  
 Eastman, address of the chairman of the section of obstetrics and diseases of women, American Medical Association, 629  
 Echinococcus of the liver, injections of mercuric chlorid in the treatment of, 520  
 Eclampsia, puerperal, induced labor as related to, 258  
 Eczema, etiology of, 35  
 seborrheic, 298  
 vesicular, internal remedies for, 186  
 Editor blesses the advertisers, 80  
 Education, for higher medical, 699  
 higher medical, a proposal in the interests of, 316  
 physical, 173  
 Elbow-joint, ankylosis of, with dislocation of the radius, 291  
 Elephantiasis, 712  
 Elevate to a pure and ethical plane, 434  
 Emmenagogue, oxalic acid as, 12  
 Empyema, non-traumatic subcutaneous, 519  
 Empyema, dressing of, after Estlander's operation, 234  
 treatment of, in childhood, 272  
 Engelmann, the interrupted high-voltage, primary or mixed, current, 120  
 Enteric fever, perforation, peritonitis; recovery, 271  
 Enteritis, membranous, in young child, 215  
 Enterprise, journalistic and professional, 81  
 Enuresis, quinin for, 550  
 Epiglottis, new, formation of, 722  
 Epilepsy, for, 132  
 or hysteria, 390  
 traumatic, trephining as a cure for, 204  
 Epileptics, New York colony for, 554  
 Epiplocele, 374  
 Epithelioma of the face, sulphuric-acid paste in the treatment of, 573

- Erck, a case of purpura rheumatica, with edema of genitalia in a mulatto girl, 352
- Error, great medical, of the day, 19
- Erysipelas, guaiacol in the treatment of, 567
- scrotal, 306
- treatment of, with chlorphenols and bromphenols, 150
- Erythromelalgia, 356
- Eshner, congenital absence of the gall-bladder, 548
- influenza followed by pleuritis and endocarditis, 146
- Eskridge, bilateral cerebral thrombosis due to syphilitic arteritis, with incontinence of the vesical and anal sphincters, 7
- tumor of brain simulating a vascular lesion, with an account of the autopsy, and remarks, 261
- Esophagotomy for the removal of a buckeye-nut, 98
- Esophagus, esophagotomy, and gastrotomy for removal of denture from, 493
- rupture of, 516
- Estes, gold-foil in the shape of a conical cup introduced into a lacerated cavity of the cerebrum for the purpose of permanently stopping the outflow of cerebral tissue and closing a hole in the membranes, 267
- Examiners, medical, 138
- medical, State Board of, 108
- Extracts, organic, therapeutic uses of, 76
- Extravasation of urine, 492
- FARIES, physical education, 173
- Favus, for, 636
- Fees, medical, in France, 722
- Feld, a case of tetanus, 473
- Femoral vein, common, results and treatment of wounds of, at Poupert's ligament, 185
- Ferguson, five cases of sudden death due to ascending neuritis, 1
- Ferratin, 387
- Fetation, simultaneous intra-uterine and extra-uterine, 416
- Fetus, hydrocephalic; rupture of the uterus; removal; recovery, 383
- Fibroid processes, relative frequency of, in the dark-skinned races, 29
- uterine, 454
- Fibro-lipoma, 234
- Fingers, congenital hypertrophy of, 294
- Fistula, epicyclic, management of, in prostatic enlargement, 70
- in ano, 291
- in ano, radical cure of, 720
- Flick, the transmissibility of tuberculosis, 701
- Food, useless and expensive adulterations of, 415
- Foot, congenital hypertrophy of, 296
- Football at West Point, 250, 366
- perils of, 416
- reform, promised, 53
- Forbes, the removal of stone in the bladder, 681
- Fowler, a case of fibro-cystic myoma removed at the third celiotomy, 98
- Fracture-box, improved, for the repair of injuries of the lower extremities requiring extension and counter-extension, 664
- compound, of the leg, 543
- comminuted, of the frontal and ethmoid bones; injury to the meninges; laceration and protrusion of brain substance, 456
- simple, of the thigh, 543
- Fractures of the lower end of the radius, new method for reduction of, 695
- Frictions of the feet as a resuscitating measure, 696
- GALL-BLADDER, congenital absence of, 548
- Galvano-puncture for hypertrophied tonsils, 419
- Gangrene of the foot, 44
- Gastric affections, various, potassium bichromate in the treatment of, 550
- juice and intestinal putrefaction, relation between, 636
- Gastroplication, 636
- Genu valgum, 291
- Glycosuria during infancy, 14
- of nasal origin, 550
- Goiter, 291
- Gold-cure, mental derangement with extreme prostration following, 408
- foil introduced into a lacerated cavity of the cerebrum for the purpose of permanently stopping the outflow of cerebral tissue and closing a hole in the membrane, 267
- Gordinier, injury to the cauda equina, probably due to intra-meningeal hemorrhage, with recovery, 405
- Gould, an arrangement of prisms for testing adduction, abduction, exophoria, and esophoria, 130
- Gout, English and German views of, 187
- Gradle, the causes and treatment of migraine, 230
- Graham, the vectis in vertex-posterior positions of the fetus, 382
- Grayson, carcinoma of the larynx, with consecutive epithelioma of the lip, 378
- Greene, death in the Nile, 201
- Gregg and Moreland, practical applications of potassium permanganate as an antidote to laudanum, 491
- Guaiacol, applications of, in the treatment of orchitis, 550
- external application of, to reduce febrile temperature, 216
- external use of, in reducing high temperature in typhoid fever and other febrile diseases, 85
- in diabetes, 412
- in the treatment of erysipelas, 576
- value of, applied externally as an antipyretic, 343
- HALLUX valgus, 39
- Hamilton, A. McL., insanity characterized by dominant concepts, with presentation of cases of an unusual form, 57
- C. H., prophylactic and germicidal treatment of diphtheria, 270
- J. B., osteitis; fistula in ano; goiter; hygroma; carcinoma of the stomach; sebaceous cyst; rachitis; genu valgum; congenital torticollis; ankylosis of the elbow-joint with dislocation of the radius, 291
- W. D., esophagotomy for the removal of a buckeye-nut, 98
- Hammond, three cases of attic suppuration in which operation was followed by facial paralysis (Bell's palsy), 572
- Hancock, a case of quinin-idiosyncrasy, 271
- Hand, changes in, fifteen years after division of the median nerve, 382
- Hand, A., acetanilid as a surgical dressing, 269
- Hansell, two cases of functional nervous disease treated by tenotomy of the superior and inferior rectus muscles, 237
- Hart, Mrs. Ernest, 136
- Hay-fever, new and successful treatment of, 197
- Haynes, a uterine irrigating-tube, 518
- orchectomy for hypertrophy of the prostate, 224
- Heagey, hydatidiform mole, report of a case, 381
- Health, authority of boards of, to suppress nuisances, 79
- national bureau of, 109
- Health-ordinances, administration of, 139
- public, popular beverages and, 385
- public, proposed national bureau of, 359
- Heart, disease of, chronic valvular, 709
- disease, the relation of, to menstruation, 460
- exhaustion, cardiac asthenia or, 497
- Hektoen, diffuse coagulation-necrosis in the spleen following thrombosis in typhoid fever and pneumonia, 325
- Hemeralopia, 328
- Hemianopsia, fleeting, of syphilitic origin, 719
- Hemorrhage, extra-dural, trephining for, 44
- fatal secondary, following removal of faucial and pharyngeal tonsils, 411
- gastro-intestinal in the newborn, 424
- spinal, 374
- Hemorrhoids, for, 636
- Hernia, radical cure of, 104
- Herpes zoster, showing erythematous, papular, and vesicular stages, 428
- Herrick, laminectomy, 362
- Hibberd, president's address, 625
- Hill, elephantiasis, 712
- Hingston, stone in the bladder; choice of operation, 663
- Hirst, a coincident intra-uterine and extra-uterine pregnancy; two cases of obliquely contracted pelvis; the primary repair of a lacerated perineum; stricture of the rectum following a Whitehead operation for hemorrhoids, 347
- two recent additions to the teratologic collection in the Wistar and Horner Museum of the University of Pennsylvania; specimens of acephalus and of micromelus, 184
- Histology or obstetrics, 529
- Historic case, 251
- History of medicine, plea for chairs of, in medical colleges, 503

- Moyer, a case of colchicum-poisoning, 457  
congenital ptosis; traumatic paralysis of the leg; neuritis following influenza; spasm of the muscles of the forearm, with trophic changes, 207
- Mundé, enucleation of the uterus, 502
- Munn, phimosis and the conditions that it complicates in the adult, 322
- Mydriatic, necessity of, in prescribing glasses, 361
- Myoma, fibro-cystic, removed at the third celiotomy, 98

- NAUSEA and vomiting of pregnancy, fatal, with report of cases, 597  
 Negro convicts, morbidity and mortality of, 113  
   mortality of, 389  
 Nephrectomy, congenital hydronephrosis cured by, 328  
 Nephritis, non-albuminous, a form of, other than typical fibroid kidney, 393  
   treatment of, 425  
   without albuminuria, 111  
 Nervous disease, functional, treated by tenotomy of the superior and inferior rectus muscles, 237  
 Neuralgia, for, 14  
 Neuritis, arsenical peripheral, 14  
   ascending, five cases of sudden death due to, 1  
   following influenza, 207  
   sciatic, pathology and treatment of, 576  
 Neuroses, 413  
   reflex ocular, concerning the history of the discovery of, and the extent to which these reflexes obtain, 449  
   some, associated with menopause, 75  
 Neurosis, stonemason's, 272  
 Newborn, gastro-intestinal hemorrhage in, 424  
 Nile, death in, 201  
 Nitrogen, amount of, contained in the red blood-corpuscles in health and disease, 696  
 Nomenclature of chemic terms, 77  
 Nose, sarcoma of, 716  
 Nostrums, Carolina physicians and, 524  
 Nurses, training of, for care of insane, 669  
  
 OBSTETRICS, histology of, 529  
 Obstruction, intestinal, by a biliary calculus, celiotomy for, 460  
 Ohlmacher, detailed directions for a simplified method of preparing Löffler's blood-serum medium for diphtheria-cultures, 352  
 Oil, injection and congelation of, for the control of muscular spasm, 520  
 Operations, two well-known, new ideas with reference to, 169  
 Ophthalmia, blennorrhagic, quinin locally in the treatment of, 696  
 Opium and its alkaloids, potassium permanganate as an antidote to, 186  
   and its derivatives, recovery from toxic doses of, 669  
   poisoning, four cases of, in which potassium permanganate was administered, 514  
 Orchiectomy for hypertrophy of the prostate, 224  
 Orchitis, applications of guaiacol in the treatment of, 550  
 Organic matters, various, influence of, upon the bodily temperature, 603  
 Osler, the army surgeon, 318  
 Ostitis, 291  
 Osteomyelitic process, latent circumscribed, virulent staphylococci in, after many years, 411  
 Osteotome, spiral, for opening the skull in brain-surgery, 12  
 Ostrich, human, 665  
 Ott, fifteen years' observation among beer-drinkers, 4  
 Outhouses, school, 136  
 Ovary, dermoid cyst of, simulating appendicitis, 324  
   small tumor of, extra-uterine pregnancy simulated by, 571  
 Overcrowding in the medical profession, 246  
 Oversight, singular, 247  
 Ovulation, menstruation and, 432  
 Oxalic acid as an emmenagogue, 12  
 Ozena, etiology, pathology, and treatment of, 484  
  
 PACKARD, pistolshot wound of the neck; gangrene of the foot; vesical calculus in the female; trephining for extradural hemorrhage, 44  
 Palate-hook, 724  
   a new form of, 574  
   soft, epithelioma of, 458  
 Palsy, inferior maxillary, with loss of taste, 384  
 Pancreas, large suppurating cyst of, 377  
   traumatic cyst of, 356  
 Paralysis agitans, pathology of, 388  
   facial, three cases of attic suppuration in which operation was followed by, 572  
   of diaphragm, 411  
   of the leg, 207  
   partial, of the ocular muscles from injury to the head, 130  
   peripheral facial, 309  
   pseudo-hypertrophic, five cases of, in one family, 356  
 Paraplegia due to Pott's disease, 543  
 Paraxanthin as a factor in the etiology of certain obscure nervous conditions, 561  
 Paretic dementia at puberty, 131  
 Paris, quinin-idiosyncrasy, 419  
 Park, extra-articular abscess near the hip; compound fracture of the leg; simple fracture of the thigh; paraplegia due to Pott's disease, 543  
   spinal hemorrhage; epiplocele; resection of leg for compound fracture of tibia; ununited after a month, 374  
   talipes planus; suspected fracture of humerus; fibro-lipoma; dressing of empyema after Estlander's operation, 234  
   two further suggestions for the relief of ingrowing toe-nail, 110  
 Patek, two cases of rupture of the esophagus, 516  
   typhoid fever complicated by twin abortion, recovery, 325  
   and Hand, two attacks of typhoid fever in the same person, 409  
 Patella, treatment of fracture of, by arthrotomy and metallic suture, 494  
 Patents on instruments, copyrights on books and, difference between, 669  
 Pelvis, obliquely contracted, two cases of, 347  
 Pen and holder swallowed, 272  
 Penis, tuberculosis of, 186  
 Pennell, a monstrosity, 503  
 Penrose, a case of primary carcinoma of the body of a divided uterus, 238  
   hysterectomy for other conditions than fibroid and malignant tumors, 289  
 Pepper, Dr., resignation of of the office of provost of the University of Pennsylvania, 463  
 Peptonuria, 519  
 Perforation from gastric ulcer, surgical treatment of, 387  
   traumatic intestinal, 46  
 Perineum, lacerated, primary repair of, 347  
 Pershing, epilepsy or hysteria, 390  
 Pes varus, inveterate, operations for the correction of, 141  
 Pharmacy act declared unconstitutional, 247  
 Phelps, inebriety as a disease analytically studied, 690  
 Phenol-elimination in disease, 432  
 Phimosis and the conditions that it complicates in the adult, 322  
 Phlebitis, advanced, with calcareous degeneration, 404  
 Photomicrograph, 108  
 Physician, a royal, 213  
   as a sociologic factor, 78  
   country, one of the difficulties of, 333  
   in literature, 41  
 Physicians, attending and consultation-fees, 668  
  
 Physicians of Ohio, 81  
   should they charge each other for medical services, 154  
 Physiology and hygiene, teaching of, in the public schools, 357  
 Pigmentation of the whole surface of the body occurring suddenly during the treatment of a case of psoriasis, 127  
 Pistolshot wound of the neck, 44  
 Pityriasis auris, treatment of, 150  
 Pleurisy, atrophy of shoulder-muscles in the sequence of, 327  
 Pneumonia, differential diagnosis of, from bronchitis, safranin-reaction as an aid to, 462  
   followed by mania, 236, 624  
   transient aphasia in the course of, 190  
 Policy, right, and the right principle, 220  
 Post-mortem injury, duplication of the spinal cord as a result of, 545  
 Potassium bichromate in the treatment of various gastric affections, 550  
   permanganate as an antidote to laudanum, 491  
   as an antidote to morphin, 699  
   as an antidote to opium and its alkaloids, 186  
   attempted suicide by sulphate of morphin treated by, 380  
 Potts, a case of acute delirium, with autopsy and bacteriologic examination of cerebro-spinal fluid, 718  
   disease, paraplegia due to, 543  
 Pregnancy, chorea during, 431  
   coincident intra-uterine and extra-uterine, 347  
   extra-uterine, simulated by small tumor of the ovary, 571  
   fatal nausea and vomiting of, with report of cases, 597  
   pernicious anemia following, 701  
 Presbyopia, menopause or, 152  
 President's address, 625  
 Press, quacks, and public, 221  
 Price, the incision in abdominal section, how to close it, and its post-operative complications, 64  
 Prisms, arrangement of, for testing adduction, abduction, exophoria, and esophoria, 130  
 Profession, medical, and the Pension Bureau, 415  
   medical, its own worst enemy, 462  
 Prolapse of the iris, to prevent, in simple extraction of the lens, 666  
 Prostate, hypertrophy of, a summary of the history and present position of the operation of castration for, 601  
 Prostatic enlargement, management of episcystic fistula in, 70  
 Prostatitis, for, 132  
 Pruritus, for, 104  
   vulva, for, 132  
 Psoriasis, pigmentation of the whole surface of the body occurring suddenly during treatment of, 127  
   syphilitic, thyroid extract in the treatment of, 186  
 Ptomain-poisoning, treatment of, by means of subcutaneous injections of blood-serum, 46  
 Ptois, congenital, 207  
 Puerperal fever, complicated with embolic pneumonia and phlegmasia dolens, 351  
   fever, the contagion of, 111  
 Pulmonary second sound, accentuation of, in typhilitis, 451  
 Purpura rheumatica, with edema of the genitalia in a mulatto child, 352  
 Pyle, four cases of opium-poisoning in which potassium permanganate was administered, 514  
 Pyloroplasty, successful, 410  
 Pylorus, constricted, successful dilatation of, 242

Pylorus, resection of, functional activity of the stomach after, 603

QUACK medical advertisements refused, 233

Quackery, attenuated, 498  
sectarianism and, affinity between, 67

Quacks, illegally practising, professional tolerance of, 463

Quinin for enuresis, 550  
-idiosyncrasy, 271, 419, 529  
locally in the treatment of blennorrhagic ophthalmia, 696

RACHFORD, paraxanthin as a factor in the etiology of certain obscure nervous conditions, 561

Rachitis, 291

Radius, dislocation of, ankylosis of the elbow-joint with, 291  
fractures of lower end of, new method of reduction of, 695  
fractures of the lower end of, with forward displacement of the carpal fragment, 391

Raia, three cases of partial paralysis of ocular muscles from injury to head, 130

Ramsey, a case of scrotal erysipelas, 306

Ravogli, the etiology of eczema, 35

Reading-notice evil, way to stop it, 81

Rectum, stricture of, following a Whitehead operation for hemorrhoids, 347

Reed, a fatal case of hyperemesis gravidarum, 47

Refractionist, 464

Reports, untrustworthy, of medical facts, 304

Resection of leg for compound fracture of tibia, ununited after a month, 374

Resuscitating measure, frictions of the feet as, 696

Retort courteous, 302

Reyburn, enucleation of the uterus, 529  
operation of vaginal hysterectomy by enucleation due to Langenbeck, 223  
vaginal hysterectomy for carcinoma of the uterus performed by enucleation without hemorrhage, 146
